

MAC500s IN THE TATTOO BUSINESS

JIMCO Partner, Viratect and INNOGIENE install a MAC500s in a tattoo shop!

Derek's total commitment to the safety of his staff and his clients is admirable.

LinkedIn post from Tania Garcia-Warner,
Business owner, INNOGIENE

Our installation of the MAC500 air purifier at Metal Machine tattoo parlour in Cape Town. Derek's total commitment to the safety of his staff and his clients is admirable.

I thought I knew a lot about hygiene but I learned so much from him.

His commitment to the industry to **#staysafestayopen** is also commendable.

Let us help you keep your business open. Let's create a Coronavirus Safe Zone.

JIMCO A/S Viratect INNOGIENE
